Restricted Data Information

Because of the terms of the IRB protocol, I am not allowed to share the geocoded data.
This data is contained in the following files:

6-27-17_supermerge_wleaderfrac.csv   Household data
3-6-17 jaipat_PRDN.RDS   Network data

These files contain the following variables which have been omitted from the shared data files, because they contain identifying information:

lat   Respondent latitude   [natural]   [natural]
long   Respondent longitude   [natural]   [natural]
